To Whom It May Concern:

Wyatt Crosby has been a student at Golden Valley High School for the past two and a half years. I have been his school counselor during that time, but quite honestly Wyatt has needed very little guidance during his time here. I know him well as we have met on many occasions. Wyatt is a positive student who knows how to focus on school while still putting forth plenty of effort in his extracurricular activities.

The one person on our campus that wishes he had more time with Wyatt is our head football coach. Wyatt is a talented athlete. As the quarterback of the freshmen & JV football teams, Wyatt showed a lot of promise. He led both teams to winning seasons; however, Wyatt's heart is behind the plate. He excels in many sports, but Wyatt is a gifted baseball player. He understands baseball, he's a fan of the sport, and he loves the competition. It's really a joy to watch him play because he is so passionate and it permeates his entire team.

As a student, Wyatt has done a great job. He has the confidence to ask questions if he doesn't understand and he knows how to balance his obligations and his free time. He always takes one or two Honors or Advanced Placement classes and has a 3.92 GPA. Additionally, I don't think Wyatt is missing a single assignment in any class. Wyatt gets done what needs to get done and he does it with determination. He is a great student.

If you have any questions regarding Wyatt, please feel free to contact me.

Most Sincerely,
