My name is Adrian Rios, and I am the Head Baseball Coach at Golden Valley High School in Santa Clarita, CA. I've had the distinct pleasure of coaching Wyatt Crosby. This letter is to serve as a recommendation on his behalf.

Many times in the business of coaching, we are asked to give our opinions of players, or write recommendations. Every once in a while there comes a time when giving such an opinion, or writing a recommendation is something that we truly enjoy because of the impact, and impression a particular player has made on us. For me, this is one of those times. Wyatt Crosby is an exceptional student-athlete, and by far one of the most talented players I've had the pleasure of coaching. Either in the cage, field, or weight room, Wyatt gives his all, and never takes a day off. He is always perfecting his craft, and does everything to help his fellow teammates reach the next-level of their baseball careers.

Wyatt's passion for the game is easily evident, but his hard work is what sets him apart as a player. I know it is somewhat passe to say, "I wish I had....", but with Wyatt I wish I had nine of him on the field. He is classy, smart, and works countless hours honing his craft as a dedicated baseball player. He is usually the first player in the cages, and the last to turn off the lights. He is a gem of a player, and a real treat to be around. Defensively, Wyatt is a lock-down middle infielder, and catcher, but his athleticism, and Baseball IQ is such that he can play anywhere. Offensively, Wyatt is a phenomenal hitter, and his approach at the plate is what sets him apart. He rarely strikes out, and his hand eye coordination makes it such that you want him in big situations.

I strongly believe that Wyatt is an asset to any baseball program. He is the mold that you want other players in your program to emulate, and be around. He will work hard, but more than that he will be the stellar player that will challenge his fellow teammates to play with class, and dignity. If I could field a team full of players just like Wyatt I would have the makings of something special. In closing, should any of you that read this letter like to talk with me further about Wyatt Crosby as a player, or as a person I invite you to call (818) 429-3814, or email: arios@hartsdistrict.org. I look forward to hearing from you.

Thanks, I appreciate it.
